How To Read Your Plat Maps

Rural Owners Are Listed Alphabetically By Last Name, Followed By First Name, Name Of Township And Section Number. The Plat Maps Show The Outline Of The Farm, Who Owns The Land And How Many Acres Are In The Farm.

The Directory Information Showing The Location Of The Farmhouse And Who Lives In The House Was Compiled By Farm & Home Publishers, Ltd. The Plat Information Was Compiled By Researching The Courthouse Records. Small Tracts Of Five Acres Or Less Are Not Shown On Our Plat Maps. Tracts Between 6 Acres And 30 Acres Are Shown By The Number Of Acres In The Tract. Every Effort Has Been Made To Assure Completeness and Accuracy. Due To Continual Sales And Transfer & Residents Moving, It Is Impossible To Guarantee 100% Accuracy. The Directory Maps Are Updated With Each New Publication Of The County. The Plat Maps Are Updated Periodically. The Contents Of This Publication Are Not Intended For Any Legal Use. We Can Not Accept Responsibility For Errors And Omissions On The Directory Maps. We Will Appreciate Being Notified Of Discrepancies.

This directory is designed to assist you in providing additional information when only a telephone number is available. Telephone numbers are arranged in numerical sequence from the lowest number to the highest number. With this system, it takes the "guess work" out of who called, blind numbers in advertising or any other situation where only the phone number is given. This guide includes all phone numbers in the county.

The DIGITAL MAPPING SYSTEM

Farm and Home Publishers Ltd. is pleased to introduce our "new look" plat and directory book. In our never ending effort to produce the best and most accurate plat and directory books, Farm & Home Publishers has invested countless hours of research and development in the areas of G.I.S. and digital cartography. The result of these efforts is the book you are now reading. By using computerized drafting, digital imagery and our own extensive informational updating procedure, we are able to combine data from several sources, including: County or Township Assessor's office, State Dept. of Transportation or Dept. of Highways, E 911 systems and our own census takers. The data is maintained on a computer system in database and line drawing/drafting formats. Since the data is computerized by category or level, we can update and/or manipulate the data on a single level, such as primary paved roads, then combine it with other levels, such as hydrology or land ownership. When we combine certain levels, we are able to produce the easy to read township plat maps you see in this book. If we combine other levels, we produce the county map page or the township directory pages. The geographic information in this book has been calibrated to fit the USGS quadrangle system so it is consistent with many other G.I.S. systems in use today. With digital data, we are able to rescale maps to virtually any size, including 36 or 50 inch wall maps. We are also able to change linestyles or line "dominance" very easily to better show or enhance particular information. We hope you take a few minutes to observe some of these attributes in your plat & directory booklet, we feel that you will find every page easy to read and professionally printed.

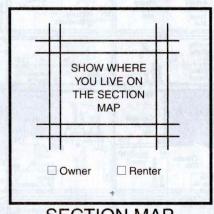

WE CARE WHERE YOU ARE

ARE YOU UNLISTED OR LISTED INCORRECTLY?
Fill in the information below and mail or E-mail it to us.
We will list you correctly in our next issue.

- Show where you live on the section map
- Plats Show outline of the land on the section map

INDIAN CREEK DIRECTORY

R-22-W

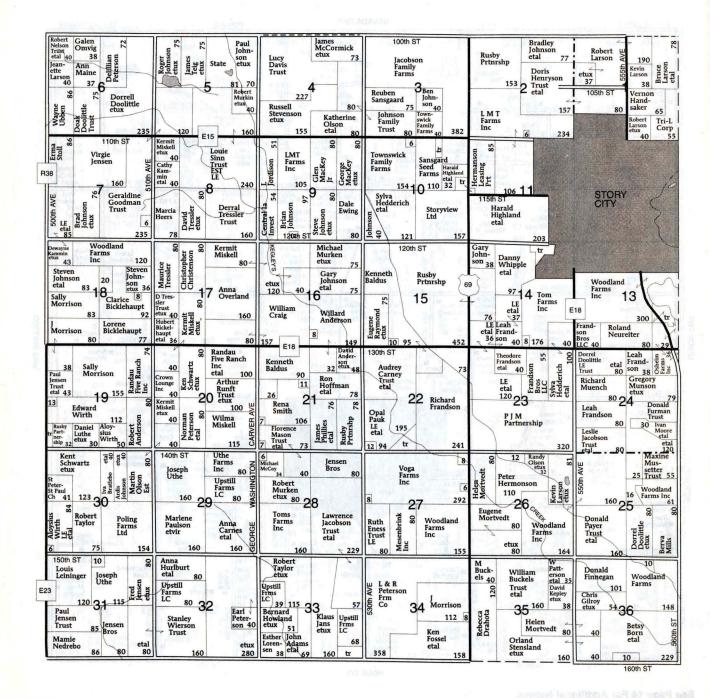

That's how long it takes for the average plastic bottle to decompose when exposed to the elements.

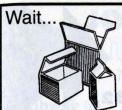

You can help invest in the future of our planet by opting for more ecologically sound packaging materials such as cardboard and glass whenever you shop.

T-85-N

LA FAYETTE PLAT

R-24-W

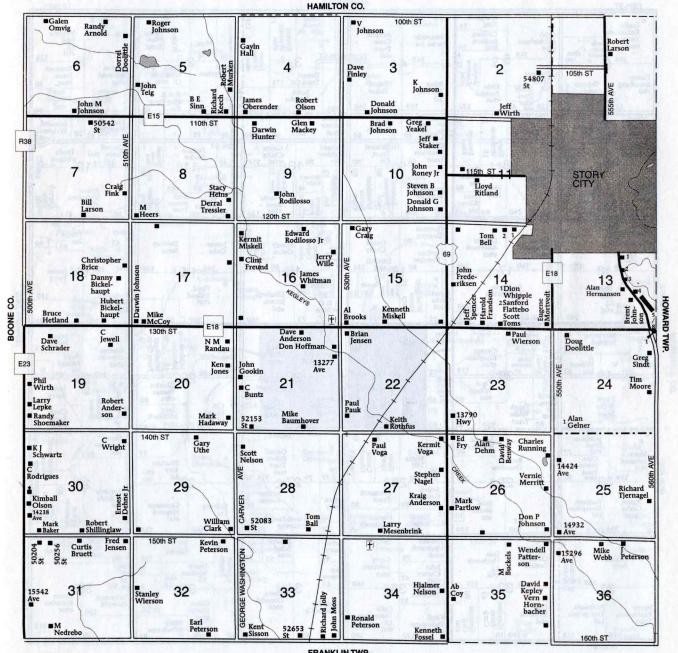

Don't Send That Cardboard Packing Without Recycling It First! Yes, It's true. Some types of cardboard, such as the unwaxed brown corrugated type used for boxes and cartons, are now recyclable! All you need to do is bundle them up along with your newspapers and magazines for easy curbside pickup.

It pays to know a lender who knows agriculture.

Agriculture has never been more specialized. That's why Farm Credit Services of America offers a team of financial specialists dedicated to meeting your unique needs - for mortgages, crop insurance and financing for crops, livestock, equipment, buildings, grain storage and more.

Discover the difference by calling 1-800-884-FARM.
